Good Help to Those in Need®

From diagnostics, to treatment, and everything in between.

Breast health is every woman's concern. And today, it's a comfort to know that there are more ways than ever to diagnose and treat breast abnormalities. Here at The Center for Breast Health at Good Samaritan Regional Medical Center, you'll find one of the most advanced programs for diagnosing and treating virtually any breast health issue.

Everything you need is handled, completely and compassionately, right here.

Our services include:

- Digital Mammography (screening and diagnostic)
- High Resolution Breast Ultrasound
- MRI
- Core Biopsies
- Stereotactic Biopsies
- Genetic Counseling
- Multidisciplinary Patient Treatment Conferences
- State-of-the-art Radiation Oncology
- Needle Localization
- Fine Needle Aspiration
- Breast Surgery
- Medical Oncology
- Surgical Oncology
- Plastic Surgery
- Patient Counseling
- Educational Literature
- Treatment Coordination
- Social Service Coordination
- Support Groups
- Spiritual Assistance
- Alternative Therapies
- Physical Therapy (including lymphedema therapy)

Our patient navigation system—designed just for you.

Every patient is different. You have your own needs, questions and concerns. That's why we take such care in personally guiding you through our entire process—from initial tests to follow-up care.

A truly comprehensive, multi-disciplinary approach for the best possible outcome.

If we find an abnormality, our multi-disciplinary team will develop and start an individualized treatment plan for you. We'll review everything about our approach with you and your family, based on your diagnosis.

Our physician team—with specialties and expertise in breast surgery, medical and surgical oncology, radiation oncology, radiology and plastic surgery—is board certified. Our technicians are also highly trained and experienced in what they do. And every aspect of our program is individually accredited... meaning they meet the highest standards in the industry. You'll be in excellent care.

Remember... we're here to help.

No matter what your diagnosis, everyone here—our breast surgeons, physicians, nurses, technicians and support staff—is here to help you. We take special pride in offering the level of care we do, and we thank you for entrusting your health to us. We encourage you and your loved ones to ask questions, talk to us, and let us know your thoughts.
